

# Keeping Your King-Pin Lock Clean

- All you need is one king pin lock + one Walmart type or other medium sized shopping bag

- Above are the two types of king pin locks we have. You may find either in your assigned truck.

The greasy pin

Take the King Pin Lock

**Step #1**

Pull bottom of bag through the lock, top to bottom (working end to lock set end)

**Step #2**

Pull the open end of the bag around the lock

**Step #3**

# Keeping Your King-Pin Lock Clean

## Step #4

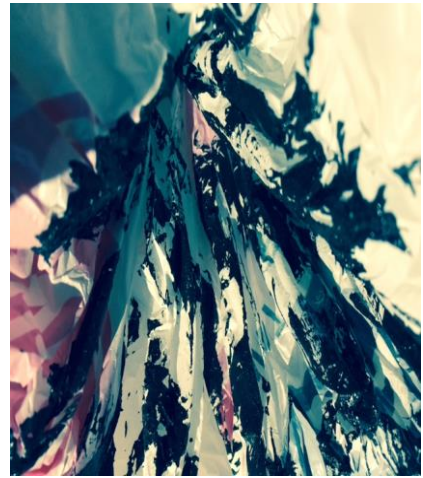

Place the lock over the pin and secure with the key, leaving the bag between the lock and the pin

## Step #5

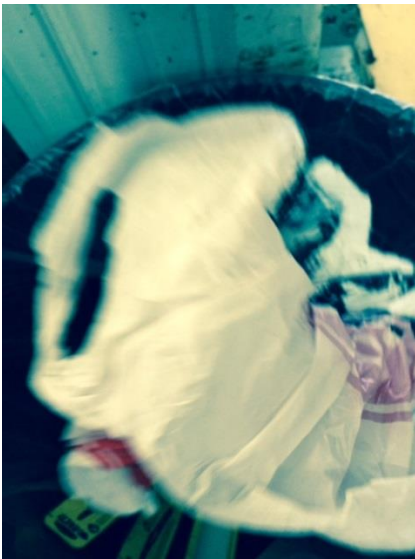

When ready to re-hook, remove the lock and the bag will remain stuck in the grease

## Step #6

Pull the bag from the pin by the part hanging down and the grease will be inside

## Step #7

Throw the bag in a trash can.....

## Step #8

.....and your king pin lock will look like this
